Faculty Workshops for Spring 2009

Getting the Most from EBSCO Article Databases
with Professor Maura Smale

The City Tech Library subscribes to more than 20 EBSCO article databases covering a wide range of scholarly and professional subjects. During this workshop you'll learn strategies to help you search these databases more effectively. We'll also review EBSCO's research productivity tools, from keeping lists of search results to emailing articles to creating search and journal publication alerts.

Workshops are open to all City Tech faculty members.

DATE: Thursday, April 30, 2009
VENUE: Rm. A540, 5th Floor, City Tech Library (Atrium Bldg.)
