Programmers all over the world have created thousands of plug-ins to add functionality to the Firefox browser. We’ll highlight several useful Firefox plugins including the LibX plugin which provides access to library resources from the browser toolbar.

Workshops are open to all City Tech faculty members.

**Web 2.0 Happy Hour**

Come enjoy wine & cheese with your colleagues and learn about Firefox: the highly customizable web browser.

Programmers all over the world have created thousands of plug-ins to add functionality to the Firefox browser. We’ll highlight several useful Firefox plugins including the LibX plugin which provides access to library resources from the browser toolbar.

**Workshops are open to all City Tech faculty members.**

**DATE:** Tuesday, December 8, 2009
