

FACULTY WORKSHOPS FOR FALL 2014

Venues and Literature Reviews for Faculty Scholarship and Publication Workshop

Would you like to explore new venues for publishing your work, but aren't sure where to begin? Perhaps you're at the beginning stages of your research or have a completed draft of an article, or are somewhere in between. In this workshop we'll discuss finding relevant general and discipline-based literature. We'll also briefly review tools for streamlining your research and citation process, and cover finding publication venues and outlets for a range of research projects.

Workshops open to all City Tech Faculty.
