

Know Your Rights as an Author!

Celebrate Open Access Week 2017 by joining us for a discussion on author rights on November 16. Don't sign away your rights! Your decisions today regarding your scholarship can affect you in the future. Learn how to better understand publisher contracts and how you can keep key rights to your scholarship by using the SPARC Author Addendum, a legal instrument that modifies the publisher's agreement <http://sparcopen.org/our-work/author-rights/>. Refreshments will be served.

Open to all City Tech Faculty.
