

Digital Privacy: A Hands-on Workshop

Learn more about privacy and take control of your digital identity!

In this hands-on workshop, City Tech Faculty, Students, and Staff will learn how to protect themselves against surveillance and unwanted data collection. Specific topics covered will include: password security, social media privacy, browser settings, and alternative search engines.

Open to Students, Faculty, and Staff.

DATE:

Tuesday, November 7, 2017

VENUE:

Library A540

TIME:

3:00-4:00pm
