

NYC Wikipedia Edit-a-thon

In honor of Open Access week, The City Tech Library and Faculty Commons are holding a NYC themed Wikipedia Edit-a-thon. Come create, expand, and improve Wikipedia articles about your favorite neighborhoods, buildings, monuments, and cultural events across New York's five boroughs. We will provide tutorials for beginners, reference materials, and best practices for writing. Join us to contribute to the world's largest encyclopedia and improve coverage of America's largest city!
