

READING STRATEGIES IN THE CLASSROOM

Strong reading skills are foundational to success in any course, and equipping students with these skills can help them engage more fully with course material, work through difficult concepts and ideas, and sharpen their writing. This workshop explores a number of tactics that faculty can use to support their students in becoming better readers.

DATE: Thursday, April 26, 2018

TIME: 1:00PM - 2:15PM

ROOM: Namm 1107

Open to all City Tech Faculty and Staff.
