

PAYWALL: THE BUSINESS OF SCHOLARSHIP

For **Open Access Week 2018**, we're screening **Paywall: The Business of Scholarship**. This documentary focuses on the need for open access to research and science, questions the rationale behind the \$25.2 billion a year that flows into for-profit academic publishers, examines the 35-40% profit margin associated with the top academic publisher Elsevier and looks at how that profit margin is often greater than some of the most profitable tech companies like Apple, Facebook and Google. Refreshments will be served.
